RESULTS OF THE SCIENTIFIC PROCESS

DİSERA WAS ESTABLISHED IN 1996 AND AFTER 2003 BOTH PRODUCTION AND SALES ACTIVITIES HAVE BEEN INCREASED.

Investment in production started in 2004 and Hospital Product portfolio consists of urine beakers, sharp boxes, vaginal speculum and petri dishes.

In 2014 we moved to our new factory building in Tire Organized Industrial Area, İzmir.

All products produced have the CE mark and the entire production operation is carried out in accordance with ISO 13485:2003 quality management systems.

Vaginal Speculums are manufactured according to 93/42/EEC Medical Device Directive.

Urine beakers and petri dishes are manufactured according to 98/79/EC In Vitro Diagnostic Directive.

VAGINAL SPECULUM

Ref No	Description	Quantity / Box
104001	Vaginal Speculum Small	200 pcs / box
104002	Vaginal Speculum Medium	200 pcs / box
104003	Vaginal Speculum Large	200 pcs / box

Painless insertion

Transparent

Light & unbreakable

Single packed

Flexible locking screw with quick locking

Available in small, medium, large size

Each size has a different locking screw color

100,000 class cleanroom production

Manufactured according to the 93/42/EEC Medical Device Directive

URINE BEAKERS

Ref No	Description	Quantity / Box
103001	Urine Beaker Red Cap - Sterile - In a Single Bag	300 pcs / box
103002	Urine Beaker Red Cap - Nonsterile	300 pcs / box
103003	Urine Beaker White Cap - Nonsterile	300 pcs / box
103004	Urine Beaker Red Cap - In a Single Bag	300 pcs / box
103006	Urine Beaker Red Cap - Not Assembled	600 pcs / box
103007	Urine Beaker White Cap - Not Assembled	600 pcs / box
103010	Urine Beaker Blue Cap - Nonsterile	300 pcs / box
103011	Urine Beaker Green Cap - Nonsterile	300 pcs / box
103023	Integrated Urine Beaker - Nonsterile	300 pcs / box
103026	Integrated Urine Beaker - Sterile - In a Single Bag	300 pcs / box

100 ml. volume
 Graduated
 Writing surface
 Leak proof

Screw Cap
 100,000 class cleanroom production
 Manufactured according to the 98/79/EC In Vitro
 Diagnostic Directive

PETRI DISHES

Ref No	Description	Ø (mm) x Height (mm)	Bag / Box
105003	Petri Dish - Sterile	90x16	25 / bag - 450 / box
105004	Petri Dish - Non Sterile	90x16	25 / bag - / 450 box

Manufactured from polystyrene

3 vents for ventilation of cultures

Ideal for bacteriology laboratory and industrial usage

Manufactured according to the 98/79/EC In Vitro Diagnostic Directive

SHARPS DISPOSAL CONTAINER

Ref No	Description	Quantity / Box
101175	Sharps Disposal Container 7.5 lt	40 pcs / box
101121	Sharps Disposal Container 2.1 lt	100 pcs / box

For disposal of used sharp objects like cannulas, scalpels, needles, holders, syringes etc.

Available in 2.1 lt. and 7.5 lt. volumes

Secure closing system

Handles for easy carrying

100.000 class cleanroom production
